Our mission at the GCF is to improve lives through the power of cricket with a purpose to get bats and balls into more people's hands. We aim to achieve this by creating, developing and delivering fun, safe, inclusive cricket activity for people of all abilities in both urban and rural locations.

Bristol is one of the most diverse cities in the UK, home to a rich tapestry of cultures, ethnicities and traditions, with 28% of residents having ethnically diverse heritage. Cricket can play a role in bringing communities together across all areas of the game, from school delivery, community engagement, to cricket clubs and beyond.

As part of our drive to support the England and Wales Cricket Board (ECB) in making cricket the most inclusive team sport in England and Wales, the Diverse Communities Officer for Bristol will play a key role in making the game accessible to ethnically diverse groups in the city of all ages and abilities.

Success in this role will be to:

- Develop and deliver a schools' programme for targeted wards in the city
- Increase the diversity of coaches and umpires in the game in Bristol
